

PAW PLAY 52

PawPlay 52 is designed to provide a comfortable, safe and clean environment for your four-legged friends. This series prioritizes the well-being of dogs by offering a comfortable surface for them to walk, run and play. With an easy to clean blade shape and height, this turf series is effortless, low maintenance, and ensures a hygienic and odor-free environment for both dogs and owners.

Roots in Construction

Our leadership has over 15 years of experience in construction. From installing turf to installing lining systems for the energy industry, we have installed over 500K square feet of turf and understand that proper supply can make or break your project.

Dedicated Ownership

After seeing through the successful disposition of Mustang Extreme Environmental Services, a leading installer of lining systems in the energy industry, the founders of Superior Turf Supply wanted to continue their dedication to the environment and the construction industries.

Strong Experience in Installation

While Superior Turf Supply is your single source solution for turf supply, we have installed over 500K square feet. Our team can help consult with you on your turf install projects to help you avoid common mistakes that could result in costly warranty claims later on.
